

ProX Total Solutions for Floor Care - Finishes & Sealers

Diversey can help you to choose the best floor finish or sealer to meet your appearance and cost goals. As the worldwide leader in floor care, we've got you covered with a wide range of floor finishes and sealers that outshine the competition and deliver outstanding results. Optimize appearance and extend useful life through the use of unique polymers that create the world's best floor care coatings for virtually any floor type.

Diversey floor finishes and sealers are part of a comprehensive floor care line integrating chemicals, application tools, smart machines, pads, training & support. Schedule a consultation with your Diversey representative to integrate a floor care solution to achieve the best possible outcome in your facility.

When selecting the right floor finish, several key elements should be considered:

- **Substrate:** what type of floor material will we be working on
- **Desired appearance:** "wet" look, "matte" sheen, etc.
- **Available resources:** your available labor, tools & equipment, frequency and access to the floors

Use the guide to select a floor finish that best aligns to your maintenance program.
