LAPĒ
collection

Earth Edition

Indulge guests with the sensuous beauty of the Lapē collection, while minimising your environmental impact

Created by Diversey, the Lapē Collection of skin care products allows your guests to transform everyday moments into a peaceful, luxurious multi-sensory experience that enriches their body and soul.

With its universal appeal, Lapē's delicate scent lingers in the air to make a lasting impression on anyone using your washrooms and showers.

The small moments in life make a big difference

Especially for your brand. Washing and moisturizing hands, body and hair may be routine, but the Lapē Collection adds real value - transforming any washing moment into a memorable guest experience.

ENHANCE YOUR BRAND EXPERIENCE

A distinctive but functional design that blends seamlessly into any environment. Designer washroom look gives a more sophisticated alternative to a traditional dispenser. Look and feel appeals to all.

PROMOTE GOOD HYGIENE

Entice customers with attractive skin washing options to reduce the risk of infections and outbreaks. Reduce the risk of allergic reactions with a mild formula suitable for every type of skin. Demonstrate concern for your guests' health with Lapē's advanced moisturizing complex and its phthalate-, paraben- and triclosan-free formulas.

DRIVE CUSTOMER LOYALTY

Create a pleasant washing environment to build a stronger connection between guests and your establishment. Leave a unique sensory experience with Lapē's universally appealing scent. Delight your guests with high-quality soaps and lotions that feel and look luxurious. Offer refillable, recyclable products that demonstrate your commitment to sustainability.

MINIMISE YOUR ENVIRONMENTAL IMPACT

By using 100% post consumer recycled plastic products with 100% micro plastic free formulations, you contribute to a plastic free ocean future and reduced landfill, protecting the planet. Reprocessing existing plastics uses less energy and fossil fuels.

Refillable options help you further minimise your environmental impact compared to traditional amenities.

#FightingPlasticWaste

DELIGHT YOUR GUESTS WHILE HELPING OTHERS

5% of the annual profits of the Lapē Collection is donated to the SoapForHope initiative, contributing to community hygiene in developing countries with lower hygiene conditions.

Transform any washing moment into an unforgettable guest experience

HOSPITALITY EXPERTISE

Combine Diversey's deep familiarity with your operational requirements and our hospitality expertise, and you have the ideal partner with whom you can entrust guest hygiene.

MEETING YOUR SUSTAINABILITY NEEDS

At Diversey, sustainability is an important part of our business DNA and embedded in everything we do - from our innovative solutions to our corporate values. The Lapē Collection is made using 100% post consumer recycled plastics, with 100% micro plastic free formulations, and outer packaging to minimize the impact on the waste stream. Plus, our refill solution supports the environmental life cycle, making it easy to implement a sustainable guest hygiene program.

COST SAVINGS

As a single trusted source for personal care products, we reduce cost-in-use and supply chain complexities - which lets you delight your guests for less.

Universal appeal and elegant presentation

The Lapē Collection represents years of experience creating products that indulge guests. With its universal appeal and elegant presentation, these versatile washes and lotions are suitable for relaxation and work environments, for both washrooms and showers - blending effortlessly with a wide range of décors. The delicate fragrance enhances washing moments with every use and lingers on the skin as a pleasant reminder of your brand experience.

Earth Edition

A complete guest hygiene solution

Lockable wall brackets ensure the Lapé Collection remains where you install it. Hand, body and hair wash are always located in the ideal location which keeps the washroom tidy and adds convenience for your guests.

SINGLE LOCKABLE WALL BRACKET

Made of high-quality stainless steel, this lockable, wall-mounted bracket makes a distinguished statement in any location.

DOUBLE LOCKABLE WALL BRACKET

Designed to securely keep both hand, body and hair wash and lotion bottles together, the double bracket shares the same high quality design and functionality.

ALSO AVAILABLE:

Small stainless steel bracket
for cost effectiveness

Cost-effective no-mess refill program

The Lapē Collection offers cost-effective refills that let you top up Lapē bottles without removing them from their wall brackets, without mess.

Refilling bottles keeps costs low, creating an even more environmentally sustainable solution.

Quick, easy, no-mess refills as part of your normal washroom and shower care routine

Low risk of spills thanks to the thin nose of the squeeze dosing bottle

No need to remove Lapē bottles from wall brackets

5L canisters are made from 50% PCR and dosing bottles are all recyclable

Soap for Hope, making a difference

We have always believed Diversey should have a positive impact on the communities we serve. So it is our vision that together we will elevate our partners, customers, suppliers and end-users to become a force for positive change in the world. To fulfill this vision, we reinvest a percentage of sales from the Lapē Collection back into needful communities through Soap for Hope.

Soap for Hope has three key objectives: to save lives by promoting a cleaner and healthier environment through proper hand-washing with soap; to provide a means of livelihood for local communities through learning a new skill; and to help hotels reduce waste by recycling used or discarded soap.

How does Soap for Hope work?

Collect used soaps from hotels

Cut into cubes

Soak in Diversey sanitizing solution

Press into 120 or 500g brick

Dry and cut into soap bars

Distribute soap to community

On an average year, Diversey's contribution to Soap for Hope contributes to

40 countries

184 cities

667 partner hotels

1446 TONS
Used soap collected

12 MIL
